Editor & Publisher.

NEWS ITEMS.

The railroad from Los Angeles to Ana-  
heim, California, was opened on the 15th  
instant.

The San Francisco Chronicle says the  
timely rain assures an abundant harvest  
for 1875.

San Francisco Cal., was visited last week  
by one of the most furious storms, making  
sad havoc among the ships in the harbor.

The "Palace Hotel" in San Francisco,  
Cal., is to have 4,000 locks and 48,000  
keys, seven tons of locks, and keys to un-  
lock the 4,000 portals of that great caravan-  
sary.

On the 16th of January the driver of the  
mail from Santa Fe to Arizona, arrived  
at Camp Verde on foot; the Indians hav-  
ing stolen all the stock at Colorado river  
precinct.

Central America is quite turbulent; the  
Costa Rica President is threatened with  
death; Guatemala threatens to invade Hon-  
duras and Costa Rica makes a raid on Ni-  
caragua.

A little four-year old girl created a ripple  
by remarking to the teacher of her Sunday  
school class: "Our dog's dead. I bet the  
angels was scared when they see him com-  
ing up the walk. He's cross to strangers."

The Borderer now notices the arrival of a  
butterfly in its sanctum.—St. John, New  
Brunswick, Tribune.

This is surely a mistake; for we have seen  
no notice whatever of butterflies around  
Brother Bennett's office.

As the exposure of large quantities of  
fresh earth is liable to develop intermittent  
and typho malarial fevers, the New York  
City Board of Health resolved that excava-  
tions on all public works shall hereafter  
cease between the 15th of June and the 1st  
of October each year.

The Reading Company of Pennsylvania  
at their shaft between Pottsville and St.  
Clair, found a mammoth vein of coal twenty-  
one feet thick, at a depth of 1,900 feet, and  
the Scientific American says this will cause  
Pottsville to see in operation the largest and  
finest colliery in the world.

A merchant at Lafayette, Indiana gave a  
desperate family two cents to help buy fuel  
and provisions, but the woman forgot to  
"God bless him," and he took the money  
back, remarking: "I can't be paying out  
my hard-earnings to people who are not  
thankful."

The brutality of the superintendents of  
Deaf, Dumb and Blind Asylum in San  
Francisco, Cal., in not furnishing the inmates  
with sufficient bedclothes during the  
recent cold spell of weather induced the  
inmates to make coal fires in the rooms  
and thereby the Asylum was laid in ashes.

The democratic caucus of the New York  
Legislature nominated with a good prospect  
of election, the Hon. Francis Kernan, of  
Syracuse, for senator to succeed Reuben  
E. Fenton, the present incumbent. Mr.  
Kernan is a young and talented Irishman  
and one of the rising men of the Empire  
State.

Two snow slides occurred on the 18th of  
January on the side of Mount Davidson,  
Virginia, Nevada. The one in the morning  
killed two men, named Jack Jewell, single,  
and Moses Willey, who leaves a wife and  
six children in Cornwall, England.

In the evening several families were bur-  
ied in the snow but were taken out alive.

Don Carlos has issued a proclamation  
announcing that he "will be faithful to his  
holy mission," and fight King Alfonso as  
heartily as he did the republican govern-  
ment of Spain. If it were only a fight between  
the two kings, we would say, go it, keep it  
up long and heavy; no matter how much  
blood is spilled; but the poor fellows who  
have to offer their lives for the appointed  
are to be pitied.

More capital is being invested in mines  
and stock ranches this season, in Arizona,  
than ever before known or anticipated. The  
legislature of our Sister Territory is some-  
what excited over the question of a bill  
removing the capital from Tucson to Pres-  
cott. Refugio Rivera sentenced to death;  
Wm. Hall, for life; Charles V. Moore to  
five, and Joseph T. Holmes to three years  
imprisonment, all for murder escaped from  
the jail in Tucson.

The San Francisco Chronicle advocates a  
strategem in the temperance cause. It says  
if the weak army of teetotalers would make  
a flank attack only on king alcohol—whis-  
key, gin and rum—and allow beer wine and  
cider as beverages, they would gain  
thousands of recruits to their cause and  
eventually win the battle against all intoxi-  
cating drinks; which is surely not a bad, but  
a very good idea.

On the shores of Swan Lake, Lapeer Co.,  
Mich., resides a colored man by the name of  
George Washington Jones, who makes his  
living by fishing, hunting and playing for  
the merry folks as the lumber camps. Last  
week, while returning early from one of  
these "shake downs" he was attacked by a  
pack of wolves, his old Canadian pony car-  
ried him safely to his log cabin, running a  
severe race for several miles. The colored  
man had just time to spring into the door  
but the exhausted steed fell a prey to the  
beasts. So says the Lapeer Democrat.

The Central City, Colorado, Register has  
the following very sensible item about politi-  
cians: "While the Register has never yet  
supported, nor its proprietors voted any-  
thing but a straight Republican ticket, it  
now declares that it will never again, under  
its present management, sustain the party  
which is represented by men, as leaders,  
who have brought Republicanism to shame  
and reduced our government to an instru-  
ment for selfish ends and corrupt practices.  
We are in that disgraceful condition, when  
no respectable newspaper of either political  
faith will risk its reputation by defend-  
ing it."

A postal arrangement has been made  
between the United States and Canada by  
which all printed matter destined for Cana-  
da shall be treated as though destined for  
the United States. The Canadian Postal  
authorities agreed to deliver it free of  
charge. All matter of this class coming  
into our offices from Canada will be deliv-  
ered by the department free of charge. The  
same rule will apply to transient newspaper  
and postal cards. On and after February  
1, 1875, the single letter rate to Canada will  
be three cents, prepayment obligatory, and  
all letters received from Canada will be de-  
livered free of charge.

Twenty two men have been brought to  
Dodge City, Kansas, who were found frozen  
and in a helpless condition on the plains.  
Those who are alive are crippled. Two  
men were frozen to death near Great Bent  
recently. Mr. Van Trees, a member of the  
Legislature, from Barbour county, had his  
legs frozen while attempting to reach the  
capital. He is now at Hutchinson, and it is  
believed that both legs will have to be am-  
putated.

Mrs. Smith, of Baker township, Kansas,  
was standing before the stove to warm  
when her clothing caught fire; before the  
flames could be extinguished she was so  
badly burned that it is thought she cannot  
live.

W. D. Matthews, the colored candidate  
for the Legislature from Leavenworth,  
thinking that the House of Representatives  
of Kansas would not fairly adjust his con-  
test for a seat, applied to Gen. Pope to  
allow him an escort of one lieutenant  
and twenty armed soldiers to place him  
on his seat.—Oskaloosa Sickle and Sheep.

(From the Regimental Flag.)

We hear it hinted pretty strongly that the  
members of the Band, under the direction  
of Chief Musician C. E. York, are soon to  
give to the citizen of Santa Fe a grand  
musical entertainment, provided a suitable  
Hall can be secured. We hope this is so,  
and can see no reason why it cannot be  
made a success in every particular. Several  
of the most prominent of the citizens and  
merchants of Santa Fe are enthusiastic in  
the matter, and anxious that the concert  
should take place at an early day. Mr.  
York's excellent judgment in the selection  
of a suitable program cannot fail to touch  
some musical chord in the hearts of all, and  
in our opinion will be appreciated to such a  
degree as to warrant a full house. Let us  
have the concert.

Our old time friend Sergt. Alph Stewart,  
Company "M," 8th Cavalry, has been de-  
tailed as telegraph operator at San Jose,  
New Mexico. We are very glad of it as he  
is in every way deserving of the favor.  
Sergt. Stewart is a steady, sober man, and  
knowing him as we do for a genial compa-  
nion, through gentleman and soldier, we  
wish him all the success in the world.

Special Orders No. 3, Headquarters Dis-  
trict of New Mexico, orders Company "H,"  
8th Cavalry, upon being relieved from duty  
with the Indian Territory Expedition, to a  
change of station from Fort Wingate New  
Mexico, to Fort Selden New Mexico.

Major Johnson, Paymaster U. S. A., left  
the city on the 15th inst., to pay the troops  
stationed at Fort Garland, C. T., and Fort  
Union, N. M.
